Why do these votes matter?

1. Abortion & Voting

SB106 includes two constitutional amendments. It states that abortion is not a right and bans all abortions funded by the taxpayers. It also requires that voter ID is needed to vote.

The Senate passed SB106 on July 8, 2022 by a vote of 28 to 22. We have assigned pluses to the ayes because the right to life is the most fundamental, God-given, and unalienable right asserted in the Declaration of Independence and protected by the U.S. Constitution. Taxpayer money should not be used to fund abortions. Also, strengthening our voter ID laws are crucial in the preservation of our election process and election integrity. Article IV, Section 2, of the U.S. Constitution provides that "citizens" of the United States "shall be entitled to all privileges and immunities," such as the "right of citizens of the United States" to vote as prescribed in the 26th Amendment. It would be an infringement on our rights to allow any ineligible elector to vote.

2. Election Integrity

SB982 prohibits the use of non-public or outside money for elections, banning "Zuckerbucks."

The Senate passed SB982 on July 7, 2022 by a vote of 46 to 4. We have assigned pluses to the ayes because strengthening our election laws is crucial. Article IV, Section 2, of the U.S. Constitution provides that "citizens" of the United States "shall be entitled to all privileges and immunities," such as the "right of citizens of the United States" to vote as prescribed in the 26th Amendment. Tightening election laws preserve the integrity of the election process and keeping outside money out of elections will prevent outside influence of elections.

3. Transgender Sports

HB972 provides for sport activities in public school be expressly designated male, female or coed.

The Senate passed HB972 on June 29, 2022 by a vote of 30 to 20. We have assigned pluses to the ayes because the left has been promoting radical Marxist ideas for years. This indoctrination is letting people believe that they can choose their pronouns and that they can be transgender. Scientifically and biblically, there are two genders. Taxpayers fund sports programs in schools, so this legislation ensures that taxpayer dollars will not be going to athletic programs that embrace the woke culture.

4. Poll Watchers

SB573 allows all registered voters of Pennsylvania to be eligible to be a poll watcher in any precinct in the state of Pennsylvania.

The Senate passed SB573 on June 6, 2022 by a vote of 30 to 19. We have assigned pluses to the ayes because poll workers are a key component to election integrity. More engagement in the election process by concerned citizens is pivotal in trusting our election results.

5. Constitutional Carry

SB565 eliminates the requirement of a license to carry a firearm in the state.

The Senate passed SB565 on November 9, 2021 by a vote of 29 to 21. We have assigned pluses to the ayes because the fundamental right of the American people to keep and bear arms is protected by the U.S. Constitution, particularly in the 2nd, 9th, and 10th Amendments, and should not be infringed. The Constitution does not state where you can or cannot possess a firearm.

6. COVID-19 Vaccine Status

SB618 prohibits government entities and state funded colleges from requiring proof of COVID-19 vaccination.

The Senate passed SB618 on June 24, 2021 by a vote of 29 to 21. We have assigned pluses to the ayes because an individual's personal health care decisions should not be the object of government, nor be under its federal, state, or local jurisdictions in the United States. Forcing an individual to receive a vaccination or partake in any medical procedure would be a violation of their fundamental rights, freedoms, privileges, or immunities protected by the Bill of Rights and the 14th Amendment to the U.S. Constitution.
