SD Legislative Scorecard 2021-2022

Based on the Principles of the U.S. Constitution

The Legislative Scorecard is a nationwide, nonpartisan educational program of The John Birch Society intended to inform voters about legislators' voting records. It does not promote any candidate or political party. Bills are chosen for their constitutional implications and taxpayer costs.

★ Constitutional	✗ Unconstitutional	? Did not Vote	Vote
1. HB1340 Budget (passed 59 to 10 on 3/10/2022). Provides approximately \$5.9 billion in funding for the operations of the state's government for the fiscal year beginning July 1, 2022, and ending June 30, 2023. Estimated cost per household: -\$16,852.00/year.			YES ✗
2. SB211 Exemption from COVID-19 Vaccination (passed 37 to 32 on 3/7/2022). Declares that a person may exercise their right of conscience as a basis for exemption from any COVID-19 vaccination mandate by any entity, but this act would not apply to certain health care facilities and the South Dakota National Guard.			YES ★
3. HB1223 Informed Consent by Pregnant Minors (passed 37 to 33 on 2/23/2022). Would authorize the informed consent by a pregnant minor for any medical or dental procedure or service related to the minor's prenatal care, the delivery process, or postnatal care if the minor's parent or guardian is either "unavailable or withholds consent."			YES ✗
4. HB1052 Limiting Enforcement of Federal Firearms Laws (failed 28 to 39 on 2/22/2022). Would limit the enforcement of federal laws and directives related to firearms, ammunitions, and components or accessories.			YES ★
5. HJR5001 Article V Convention: Constitutional Amendments (passed 39 to 30 on 1/25/2022). Would apply to Congress, under the provisions of Article V of the U.S. Constitution, to call for a "convention of states" for the purpose of proposing constitutional amendments.			YES ✗
6. SB177 Educational Freedom (passed 41 to 27 on 3/2/2021). Revises the provisions of parental choice regarding compulsory school attendance by expanding "alternative instruction" (e.g., home education) options.			NO ✗

Scorecard Votes: 33%

\$290,647

U.S. National Debt Per Household as of May 28, 2026

Why do these votes matter?

1. Budget

HB1340 is the General Appropriations Act for the State of South Dakota. As appropriated by the Legislature, it provides approximately \$5.9 billion in funding for the fiscal year beginning July 1, 2022, and ending June 30, 2023.

This spending plan for FY2023 includes \$2.3 billion of mostly unconstitutional federal funds, representing nearly 40% of the entire state budget. It not only increases subsidies for Medicaid providers, but appropriates \$49.6 million more in federal dollars than requested by the Governor. States should oppose the use of federal taxpayer money for purposes not authorized under Article 1, Section 8, of the U.S. Constitution.

2. Exemption from COVID-19 Vaccination

SB211 (House Engrossed) declares that a person may exercise their right of conscience as a basis for exemption from any COVID-19 vaccination mandate by any entity. This act would not apply to certain health care facilities and the South Dakota National Guard.

Vaccine mandates should be opposed, as an individual's non-injurious activities, including personal health care decisions, are not the legitimate object of government, nor should be under federal, state, or local jurisdiction in the United States. To compel American citizens to receive medical treatment would be to violate their fundamental rights protected by the Bill of Rights and the 14th Amendment to the U.S. Constitution.

3. Informed Consent by Pregnant Minors

HB1223 would authorize the informed consent by a pregnant minor for any medical or dental procedure or service related to the minor's prenatal care, the delivery process, or postnatal care if the minor's parent or guardian is either "unavailable or withholds consent."

Parents have the fundamental right to custody and control of their minor children, including healthcare decisions. Parental rights, as with all other constitutional rights, are protected by the Bill of Rights and the 14th Amendment. Further, HB1223 does not recognize that South Dakota law already provides for limited exceptions in which physicians and/or the state can intercede and act in the best interests of a minor child.

4. Limiting Enforcement of Federal Firearms Laws

HB1052 would limit the enforcement of federal laws and directives related to firearms, ammunitions, and components or accessories.

The fundamental right of the American people to keep and bear arms should not be infringed, as guaranteed by the 2nd Amendment of the U.S. Constitution. Whenever the federal government assumes unconstitutional firearms restrictions, state nullification of such acts is protected by the 10th Amendment.

5. Article V Convention: Constitutional Amendments

HJR5001 would apply to Congress for a "convention of states under Article V of the Constitution of the United States, to impose fiscal restraints on the federal government, to limit the power and jurisdiction of the federal government, and to limit the terms of office for federal officials and members of Congress."

States should act immediately to nullify all unconstitutional federal laws, rather than risk an Article V or second constitutional convention. Article V of the U.S. Constitution was designed to correct structural deficiencies in the federal government, not the failure of elected officials to uphold their oath of office.

6. Educational Freedom

SB177 revises the provisions of parental choice regarding compulsory school attendance by expanding "alternative instruction" (e.g., home education) options. It removes certain reporting and testing requirements, while allowing participation in interscholastic activities.

A child's education is the responsibility of--and a fundamental right of choice retained by--the parents, not the government. Parental rights, as with all other constitutional rights, are protected by the Bill of Rights and the 14th Amendment.
