2025 OH Legislative Scorecard

Based on the Principles of the U.S. Constitution

The Legislative Scorecard is a nationwide, nonpartisan educational program of The John Birch Society intended to inform voters about legislators' voting records. It does not promote any candidate or political party. Bills are chosen for their constitutional implications and taxpayer costs.

★ Constitutional ✗ Unconstitutional ? Did not Vote

Vote

1. **SB1 DEI Ban (Passed 20 to 11 on 3/26/2025).** Bans DEI programs and offices, prohibits faculty strikes, bars institutions from taking positions on controversial issues, and requires a civics course for students.

YES

2. **SB50 Child-labor Laws (Passed 24 to 9 on 4/9/2025).** Alters age and schooling certificate requirements and extends allowable work hours for minors under 16—particularly allowing 14- and 15-year-olds to work until 9 p.m. during the school year.

YES

3. **SB63 Ranked-choice-voting Ban (Passed 27 to 5 on 5/14/2025).** Prohibits any general or primary from using ranked-choice voting.

YES

4. **SB85 NAACP License Plate (Passed 32 to 0 on 6/18/2025).** Would have authorized a new license-plate design supporting the Ohio chapter of the National Association for the Advancement of Colored People (NAACP).

YES

5. **SB172 Illegal Immigration Enforcement (Passed 23 to 8 on 6/18/2025).** Would amend state law to specify that people who are unlawfully present in the United States "are not privileged from arrest."

YES

6. **HB335 Local Tax Limitation (Passed 23 to 10 on 11/19/2025).** Limits how much revenue local governments and school districts can raise from "inside millage" property taxes without voter approval.

YES

Estimated benefit per household: **+\$127.00/year.**

Scorecard Votes: 83%

U.S. National Debt Per Household as of April 23, 2026

Why do these votes matter?

1. DEI Ban

SB1 bans diversity, equity, and inclusion (DEI) programs and related offices or trainings, prohibits faculty strikes, requires institutions to avoid taking institutional positions on controversial issues, and mandates a civics education requirement for students. The law also restructures faculty evaluation and workload policies, requires syllabi and course transparency, and calls for program review based on enrollment numbers. Schools that fail to comply with SB1 risk losing state funding.

The Ohio State Senate passed SB1 on March 26, 2025 by a vote of 20 to 11. We have assigned pluses to the ayes because DEI promotes divisive myths and false historical narratives propagated by critical race theorists, feminists, and LGBTQIA+ activists. It is nothing but a modern and subtle outgrowth of efforts by earlier Marxist radicals to alter or destroy the American way of life through a "long march through the institutions." The goal is a complete disruption of our moral, social, and political order so as to impose conformity on citizens and end all opposition to the welfare state.

2. Child-labor Laws

SB50 changes Ohio's child-labor rules by altering age and schooling certificate requirements and extending allowable work hours for minors under 16—particularly allowing 14- and 15-year-olds to work until 9 p.m. during the school year with parental consent rather than being limited to earlier hours.

The Ohio State Senate passed SB50 on April 9, 2025 by a vote of 24 to 9. We have assigned pluses to the ayes because this bill restores reasonable flexibility for families by allowing parents—not government regulators—to determine whether their 14- or 15-year-old children may work extended evening hours. When employment is voluntary, the state should not impose unnecessary restrictions that interfere with a young person's opportunity to gain experience, develop responsibility, and earn income. Parents have the primary authority over the upbringing and supervision of their children, and that authority is protected by longstanding constitutional principles of due process and freedom of association, which are retained under the Bill of Rights and the 14th Amendment to the U.S. Constitution.

3. Ranked-choice-voting Ban

SB63 prohibits any general or primary election from using ranked-choice voting (RCV), and adds provisions to withhold Local Government Fund distributions from a municipality or chartered county that implements ranked-choice voting through local ordinance or resolution.

The Ohio State Senate passed SB63 on May 14, 2025 by a vote of 27 to 5. We have assigned pluses to the ayes because RCV undermines election integrity and the electorate's ability to choose the best candidate. By design, RCV favors moderate-to-leftist candidates who often fail to uphold the Constitution. This complex, multi-round system can result in winners who lack true plurality support, and imposes ballot-marking requirements that may pressure voters to act against their conscience. States should firmly reject all attempts to implement this unconstitutional voting method.

4. NAACP License Plate

SB85 would have authorized a new license-plate design supporting the Ohio chapter of the National Association for the Advancement of Colored People (NAACP) and establishes a related contribution fund to collect and distribute fees from motorists who choose the plate.

The Ohio State Senate passed SB85 on June 18, 2025 by a vote of 32 to 0. We have assigned pluses to the nays because government should not use official state instruments, such as license plates, to advance organizations or Marxist woke ideologies that emphasize identity-based politics. While participation would be voluntary, state endorsement through specialty plates places government in the position of promoting leftist movements that often frame public policy through the lens of race and "equity" rather than equal protection under the law. The Declaration of Independence affirms that "all men are created equal" and endowed with unalienable rights to life, liberty, and the pursuit of happiness, which is further codified by the 14th Amendment. Equality before the law—not equity of outcomes—is the American founding principle.

5. Illegal Immigration Enforcement

SB172 would amend state law to specify that people who are unlawfully present in the United States "are not privileged from arrest." In practice, SB172 would require state and local officials to allow the arrest or detention of individuals suspected of being undocumented, including in places such as courthouses, schools, and other public settings, even without a judicial warrant—overriding local policies that had limited such arrests.

The Ohio State Senate passed SB172 on June 18, 2025 by a vote of 23 to 8. We have assigned pluses to the ayes because this bill reinforces the rule of law by clarifying that unlawful presence does not grant immunity from arrest. By preventing local governments from shielding individuals from enforcement actions, SB172 strengthens cooperation between state and federal authorities and affirms that immigration laws must be applied consistently. Illegal entry into the United States is a crime, and a sovereign nation has both the authority and the obligation to enforce its borders.

6. Local Tax Limitation

HB335 limits how much revenue local governments and school districts can raise from "inside millage" property taxes without voter approval. It caps the growth in property-tax revenue to the rate of inflation during county reappraisals or updates, directs county budget commissions to adjust inside millage so increases don't exceed an inflation-based factor, and makes related changes to county budget and tax rules.

The Ohio Senate passed HB335 on November 19, 2025 by a vote of 23 to 10. We have assigned pluses to the ayes because this bill restrains the automatic growth of property-tax collections. By limiting revenue increases, the bill curbs unchecked expansion of local government and school-district budgets. Elected officials should focus on reducing spending and easing the tax burden, not relying on reappraisals and technical adjustments to generate more revenue. Taxpayers deserve

transparency, accountability, and meaningful limits on government growth.
